Customer Reviews

I've purchased two other Benchmark atlases while on vacation and love them. Planning a trip to Colorado and ordered one for this trip. Great product.

This guide has all the little backroads, making navigation anywhere in the state easy.

Excellent. Benchmark is the best.

I ran into a fellow camper at a local diner and he highly recommended this over the DeLorme Atlas & Gazetteer that I've used for years. I'm quite happy with the switch.

The Benchmark and DeLorme Atlases each have their advantages and disadvantages. I like them both but started with the DeLorme over 10 years ago .

I live here, very accurate for a general gazetteer. Still need 7.5 minute maps to get into the back country.

Looks good to me. Have not got to Colorado yet, may not be able to go this year.

Don't know what we would have done on our backcountry trip without this atlas.
