Synopsis

Business Plan Sale price. You will save 66% with this offer. Please hurry up! Business Tips How to Start Your Own Business, Make Business Plan and Manage Money (business tools, business concepts, financial freedom, make money easy, money management) This book is your sure guide and resource on how you can get started, manage and grow a profitable business. The process of starting a business can be rough and challenging. This book will help ease this pressure by taking you through the most important steps you need to take. Whether you are a yet to start your business or already running your business, this guide is meant for you. If you are yet to start your business, you will be taken through a step-by-step process of testing your idea, preparing your business plan and deciding on the type of business structure to operate. Also, there is an exposition on the various sources of finance you could access to run your business as well as planning an effective promotional strategy. If you are already running your business, this book will equally be useful to you. It will service as a âœrefresher courseâœ•, enabling you to re-focus and strengthen the very loose areas of your business operations. With the passage of time, our knowledge and competence levels will not meet the current market demands if we donâ™t develop ourselves. This book will therefore serve a unique need by changing the way you approach, manage and grow your business. Here is a preview of what you'll learn:

- How to test your business idea to be sure it will be profitable
- How to effectively prepare a business plan
- The various types of business structures to choose from
- How you can raise the needed money for your business
- How to market your business and put in the necessary controls

Customer Reviews

This book is really helpful. I am a refugee and i needed a businesses plan to open my own cafeteria. I didn't know what to do, and than i found this book on . It helps me with tips, how to skip mistakes in this difficult job. So i highly recommended this book for everyone!

The book is for those who want to be entrepreneur, to to start and run your business.A very useful information to use.The book is easy to read,understand and follow.There you can find all the

necessary information that may be required to run the business. It is a real plan how to run the business. The book inspires and gives you the needed confidence. I am going to be entrepreneur and definitely use the book a lot as a guide.

You know when you start something youâ™ve got a lot of question how to do it right. This book gives all the necessary information that enable moving to your goal of starting business step by step. The writing is very simple and itâ™s not overloaded with useless information, it gives only those recommendations which really work. And thatâ™s what I like in this book. Iâ™ve started my small business 2 years ago and after reading this book I can see many mistakes that I have done in managing my business. This book would help me in avoiding many things if I had it before. So if you decided to start your business then this book will help you in many ways.

As I am looking into beginning my business, I was informed I needed a business plan. This is a book that helps to understand and create a business plan. This book talks about financing and marketing. Learning the best business plan for your needs is something that this book covers very simply.

This book is a must have for any entrepreneur who is launching a new business or moving a business from the start-up phase to that of an ongoing concern. It provides a straightforward, easy-to-understand approach to business planning. Recommended!

When I read this book I learned a lot about creating business plans and how it is not unimportant at the beginning of their business. This book helped me to be more competent in writing a business plan. I'm sure that writing a professional business plan can I be a successful businessman. I advise everyone to read this useful book.

This guide will teach you how to test your business idea to be sure it will be profitable, how to effectively prepare a business plan and how you can raise the needed money for your business. Itâ™s a very interesting and informative book!

This book was very useful for me. Having read the book I realized how to start own business. The book is written very interesting. There are lots of tips how to start own business and how to create a business plan. Moreover everything was written in simple words so I absolutely understood the

content. The key point was how to make a marketing plan. There is a great explanation of how one mistake can bring to others and helpful steps how to avoid this. This book is worth reading!!
recommend!
