# Stitches To Savor: A Celebration Of Designs By Sue Spargo

## Synopsis

For sumptuous texture and depth, nothing compares to the handwork quilts of acclaimed folk-artist and designer Sue Spargo. This hardcover, 144-page coffee table book of inspiration is filled with 200 detail-rich photographs. Showcasing Sue Spargo's quilts as they've never been seen before, the lush photography is indulgently close--showing in stunning detail the multilayered richness of each. Be inspired by the inventive stitch combinations and variety of embellishments. See patterns and shapes in a whole new way in this treasure trove of creativity, appreciating each composition as a whole and for the detail and texture of the stitches. Treat yourself to a volume of inspiration and awe that you'll explore time and time again as you savor each and every stitch.

## Customer Reviews

This is a beautiful hardcover book filled with amazing fiber art. Sue is an amazing textile artist who combines wool and print fabric with gorgeous stitching. The book showcases these intricate pieces in both full images of the complete quilt and extreme closeups of the detailed objects and images. You will gain a deep appreciation for this art and I bet it will inspire you to create a bit of your own.

This is such a gorgeous book full of beautiful photography. I enjoyed pouring over each image in detail and the intricate stitching really caught my eye. This is a great book to cuddle up with by the fire on a chilly day!

Don't be fooled like I was thinking that there would be an explanation of how to do any of her stitches. Pretty pictures but that's all there is. Also the cover of my book appears to be scuffed---as packaged by .

The forward of this book says it all, the soul and spirit of an artist. Full page color pictures makes the stitch combinations jump off the pages. A beautiful inspiration book from a very talented world renowned quilt artist. Lissa Alexander

Such a beautiful book, the photography is terrific, luscious. Of note, this is not a 'how to' book as some of Sue Spargo's books are. Just looking at the colors, the designs - wonderful.

I love all the pictures. I dreamed up many creative ideas from looking through this book. My only problem with the book is there are no instructions. I ordered this book knowing there were no instructions but when I received it, it was still disappointing that there was no commenting, instructions, wordsâ |â |

Gorgeous addition to my collection of books on needlework. It is filled with lovely photos and how-to's.

Beautiful pictures! Would have liked more description.
