For the Learning & Development professional who is driven to deliver business results to their organization, there is no more cogent, compelling, or complete body of knowledge than the Six Disciplines. It is a must-read for anyone in the Training profession. Terrence Donahue, Corporate Director of Learning, Emerson Electric, St. Louis, USA.

I have not fully read the book as yet but what I have read so far is exactly what I was seeking. A step by step approach in learning and aligning it in achieving results. Ensuring effectiveness!

I Liked to book and the structured approach to training, which starts with the business "end in mind"

Easy to read. A wealth of great information. Highly recommend it for all leaders.
