Customer Reviews

This book is an actual 70 pages. Most of the other Diarys from minecraft are 20 or 30 pages long. Another great author is Cube Kid. Diary is a very good author

"Diary" does a great take on a wimpy Steve who has become comfortable around his home because it is so well protected and has decided to venture out, but is afraid of what he may face. His new pet friend is the perfect compliment to his story and makes sure to keep things interesting for

the reader. An excellent quality book that is a true 70 pages full of content with no marketing filler added. I highly recommend this book and author for any Minecraft fan because you know you get consistent quality work.
