Storytelling: A Storytelling System To Deliver Inspiring And Unforgettable Speeches (Presentation Tips, Public Speaking, Communication Skills)

Synopsis

Storytelling - A Storytelling System To Deliver Inspiring and Unforgettable SpeechesStorytelling has been a central part of human culture for tens, possibly hundreds of thousands of years. Since the dawn of history our ancestors have been telling stories â€“ to pass along information, like one hunter telling another of how he took down an impressive beast; to pass down lessons, like parents telling their children cautionary fables by the fireside; to bond and entertain, as groups of friends, family and compatriots; and to inspire, like the thousands of unique legends each and every culture on the planet has. The importance of stories hasnâ€™t gone down one bit as time has moved on. The way they are delivered has unimaginably diversified â€“ the invention of writing definitely shook things up. Now two people didnâ€™t even have to be in the same room for a story to be passed between them. Today we have trillions of written words easily available to us just a click away. Other methods of passing along stories have evolved and emerged too: theater and music are amazingly varied, and technology now allows us to carry them with us wherever we go. But still, the old way of how to tell a story â€“ in person, using your own voice and words â€“ isnâ€™t just surviving, it is thriving. We exchange stories with family, friends and strangers, in situations ranging from close, intimate conversation to on a stage in front of hundreds of people weâ€™ve never met, being broadcast out to possibly millions more. And we donâ€™t just tell stories, we actively seek them out. In fact, 65% of our verbal communication as humans is telling each other stories. They bring us closer together, bridging the gaps between us in ways we can hardly explain. This book is going to help you harness this amazing power and use it to touch the lives of others. This book focuses on storytelling skills, presentation tips and public speaking skills. After youâ€™ve finished reading this book you should well on your way to your first Ted Talk! Youâ€™re also going to find it equally applicable to telling stories to friends, and even to writing stories in print and to generally performing on stage. Hereâ€™s a Preview of Whatâ€™s InsideWhy do we tell stories?The psychology of StorytellingThe storytellerâ€™s mindsetBuilding and preparing your storyPreparing for the stageConnecting with your audienceHow to practiceOvercoming fear and learning to love the stageAnd so much moreDownload your copy today to receive all of this information. Customer Reviews

Good advice, thanks

I liked. I think gives you a view of how focus your lectures or speech with the perspective of a storytelling.

Very interesting reading. Lots of great ideas.
