Everything Brigitte writes is golden, but with this book she has outdone herself. This is a powerful resource for anyone in a leadership role. But even if you're not, there are life lessons that can be

drawn from every practical tool.

I've read many of Brigette Hyacinth's articles on the topic of leadership and she knocks it out of the ballpark each and every time. This book is a MUST for anyone interested in making leadership a serious study during their lifetime. HIGHLY RECOMMENDED!!!

The book is well written. The book itself is a comfortable size, the graphic art and pictures are bright and clear, the font is the right size and the layout of the paragraphs and chapters are quite inviting. The content is original and top class; the language is an easy read; the leadership models are crisp and provoke introspection. I think it is truly a leader's handbook for success. I believe Brigette has taken her first steps to being a best selling author and I look forward to her next book.
