Customer Reviews

I love her work. She is easy to understand and follow. It gave me the chills as she works with each chakra, asking what do you see, feel etc. This is so healing. I can't wait to do them over and over. I want to write everything down as she works you through each Chakra. I had no idea there were so many Chakras outside the main 7. It is very powerful and healing. You will not regret getting this set. I will look for more of her works.

Started listening to the lessons and found I was effortlessly absorbing the information. Great resource on the Chakra subject

The depth of knowledge she has is amazing. her ability to communicate nuances is superb, this has enriched my ability more than I ever imagined.

Cyndi Dale is more than delightful she is lovingly wise, genuine, beyond average and smart. Love her voice, her books, and her words of wisdom and counsel.
