Government Zero: No Borders, No Language, No Culture

Synopsis

From bestselling author of Stop the Coming Civil War, Michael Savage reveals the massive dangers currently leading to the demise of our government. Michael Savage has been warning Americans for decades and now it's here. In GOVERNMENT ZERO: No Borders, No Language, No Culture, Savage sounds the alarm about how progressives and radical Islamists are each unwittingly working towards similar ends: to destroy Western Civilization and remake it in their own respective images. These two dark forces are transforming our once-free republic into a socialist, Third World dictatorship ruled by Government Zero: absolute government and zero representation. Combining in-depth analysis with biting commentary, Savage cuts through mainstream media propaganda to reveal an all-out attack on our borders, language and culture by progressive travelers who have hijacked public policy from national defense to immigration to public education. Find out everything you need to know about this terrifying agenda to weaken the U.S. military, cripple the American economy, subvert basic American liberties such as freedom of speech, and destroy the international world order. There is no time to lose. The Progressive-Islamist agenda has advanced into every public space, from the White House to the military to your local public school. If America is to survive, it has to be stopped. Michael Savage has a plan. Get the inside story before it's too late.

Make no mistake -- the ever self-righteous, indoctrinated elitist progressives that seem to make up a

larger percentage of the noise level in our country are going to go out of their way to trash Dr. Savage's new book, some of them probably without even reading it. Many of them won't read this book because it contains exactly what they don't want to know or admit -- the unvarnished truth about what they, and their intellectual ilk, are doing to our country in the names of their various activist causes and their broken ideologies. They will read about how the leftist, Marxist propaganda machine in the United States is, in the name of "fairness", "equality", or "justice" (pick your buzzword) consuming the masses with a level of claptrap that's never been seen before. The leftist response to this book will most likely be their typical reaction -- to attempt to attack the intelligence of anyone who disagrees with them by calling them "right-wing nutjobs", "religious freaks", or "teabaggers". It's the best they have. To preface my review of Dr. Savage's book, then, let me set the stage: I am a professional who considers himself to be a relatively middle-of-the road conservative. Much to the dismay of the foul-mouthed leftists, I don't live a trailer park, don't "cling to my guns in the name of Jesus", and don't belong to the Tea Party and never have. I do think that Congress has become infested with lunatics on both the right and the left, and I do think the situation in our country has become dire. Michael Savage (whether you like him or not) hits the ground running from Page One and the book is nearly impossible to put down. Dr.

The great eighteenth-century conservative Edmund Burke - foreshadowing Savage! - once wrote that "society cannot exist, unless a controlling power upon will and appetite be placed somewhere, and the less of it there is within, the more of it there must be without." Within the confines of this wonderful book, Michael Savage (nÃ©e Weiner -(Freud would've enjoyed that stage name!) grimly chronicles the complete and utter disintegration and destruction of America in a way that surely would cause Burke to crack a smile in the grave. What Savage is describing in his usage of the term 'government zero' surely would have interested the late, great writer Sam Francis, who himself coined the term 'anarcho-tyranny' - i.e., "we refuse to control real criminals (that's the anarchy) so we control the innocent (that's the tyranny)". Savage is all too aware that America dangles precariously at the precipice of no return. The dumbed-down leftist indoctrination taught within 'public' (government) schools has utterly crippled generations of Americans through K-12 brainwashing (there's no other word for it!) that teaches them to utterly despise and actively work to destroy America, her collective Anglo-Saxon heritage and her Christian (Protestant) faith. Its fruits are the suicidal miseducation of a nation via the cults of multiculturalism and egalitarianism. We witness this most starkly in the entire life and career of Barack Obama - to the detriment, of course, of the historic American nation. Savage knows that my generation of 'millennials' have been

educated in curriculum and textbooks written by domestic terrorist Bill Ayers and his fellow edu-criminals, which has produced the Social Justice Warrior/racial grievance generation.

âœToday, the entire foundation of American society is under assault by a Progressive-Islamist alliance that hasnâ™t neglected reshaping our entire immigration policy. Weâ™re no longer a land of opportunity for ambitious, talented immigrants looking to escape social democracies with large welfare states. Weâ™re now a land of government handouts for waves of immigrants, both legal and illegal, who come here for the generous welfare benefits our progressive government keeps increasing.â•â“ page 158Over the past twenty years there have been two voices in the wilderness warning of the ramifications of unchecked illegal immigration--Pat Buchanan ("Suicide of a Superpower: Will America Survive to 2025") and the controversial conservative radio talk show host Michael Savage. Over the past decade the pace of our decline has been accelerating at breakneck speed. The consequences of the suicidal policies espoused by progressives, big business interests and radical Islamists are now becoming all too apparent. And it may already be too late. The push to flood America with illegal immigrants essentially means that in an increasing number of communities in this nation your vote no longer matters. Dr. Savage lays out it all out in his explosive new book "Government Zero: No Borders, No Language, No Culture". Dr. Savage believes that America desperately needs to identify a leader who will stand up for American Nationalism. It just might be our last best hope. Michael Savage pulls no punches in this hard-hitting expose. He writes âœWe are supposed to be a nation where the government is â^ of the people, by the people, and for the people'. Instead it is a government of itself, by itself, and for itself, run by lobbyists.
