Human Biology, 14 Edition

Synopsis

Instructors consistently ask for a Human Biology textbook that helps students understand the main themes of biology through the lens of the human body. Maderâ™s Human Biology, 14th Edition accomplishes the goal of improving scientific literacy, while establishing a foundation of knowledge in human biology and physiology. The text integrates a tested, traditional learning system with modern digital and pedagogical approaches designed to stimulate and engage todayâ™s student. Dr. Michael Windelspecht represents the new generation of digital authors. Through the integration of an array of multimedia resources, Michael has committed to delivering the tried-and-true content of the Mader series to the new generation of digital learners. A veteran of the online, hybrid, and traditional teaching environments, Michael is well-versed in the challenges facing the modern student and educator. Michael personally guided and oversaw all aspects of Connect and LearnSmart content accompany Human Biology, 14th Edition.

Customer Reviews

I brought this book new for my Biology 108 class. The book is good but I thought it came with the code to get on line with Connect, but it didn't. I ended up paying an extra \$120 for the code that goes to this book. So please be aware that it is only the book that you're getting and not the connect code.

The book is great, the only thing wrong with it is the cover of the book was torn when I received it.

this book is exactly what i needed and it was for a reasonable price .

This book was a good resource for my daughter's college class.

I am happy that you rent books. It is nice price too.

Product arrived on time and in a good quality

clean as it was never used before

Great option to rent textbooks.
