Customer Reviews

I looked for a book to help with alterations for over a year. This is by far the best book out there. I am so happy Judith took the time to write all of this treasure of information down. This book is great for beginners and intermediates. I have been sewing for 20+ years and it has been a pleasure reading this book. I am truly excited by this book. She is brilliant in her approach to fixing ready to wear.

This is the best book and most complete of all I've purchased. If you can't find it here, watch the

demos on YouTube. They were extremely helpful.

This book was out of stock for what seemed like forever. I am so happy it's finally in my library. I'm a home sewer and often find that thrifted or store bought clothing doesn't fit quite right. This book is exactly what I was looking for to start altering my clothes. There aren't a lot of them out there and this book is really great.

This book is detailed and easy to work with. If one still has questions, you can go to her website and email her. She responds very quickly. A great purchase.

Contains information not found in other sewing books.

Just what I was looking for. I am a beginner and this book had lots of information on the alterations that I was interested in.

Great book, wonderfully illustrated.

awesome!!
