Customer Reviews

Don't bother. You can learn as much tracing a picture from a comic book as this will give you. It isn't even put together properly, the first drawing for Robin should have been for someone later in the book. Six diagrams per face, no bodies. Absolutely no narrative provided. I have returned for a refund.

I am a person who likes to draw cars, and comics so i picked this book up. I rate it 3 stars because of these following reasonsâ | In this book there were no words about what to do it only had pictures and only the words Step 1, Step 2â | this book only has cartoon characters like Robin, or Cat Woman. I would give it 5 stars if it had more to it and had works to explain HOW to do it. Thanks For

Reading my review

it only has step by step heads
