## Customer Reviews

My sister bought me this as a holiday gift, knowing that I have trouble with male characters. This book is completely misleading. The cover is a nice glossy paper printed in color, but the inside does not reflect that same quality. It contains a few basic illustrations that are pixilated, distorted, and generally poor quality. It only contains four characters/poses, unlike the title page it does not contain any detailed information on drawing eyes or faces. I am upset that my sister actually spent her

money on this thinking she was giving me something of quality. I wouldn't even justify paying one penny for this. If I could I would give zero stars.

Seriously this book is soooooo not what I expected I thought it would have a nice and clean look on how to draw a manga male but it just shows you crap, to my understanding the pictures don't even have a nice defined crisp look to them they are more like blurring and crappy drawings they don't even show you how to draw the nice character on the cover so not pleased not at all

Save your money! This was a huge waste of time and money. Absolutely no words, descriptions or help, simply a series of drawing from start to finish with either not enough difference between the two, or huge jumps in the progress without enough detail to be useful in any way.

This is a terrible buy, not even worth the paper it is printed on. Everything is pixelated and blurry and the final product isn't even shown in the end. It doesn't teach you how to draw eyes or faces, only four different characters that look terrible! Might I also point out it was PRINTED THREE DAYS BEFORE IT ARRIVED?? This "big" book is a lie and does not fit the description at all. Don't waste your money!

I'm glad I didn't pay anything for this. Got it after starting a free trial of Kindle. COMPLETELY misleading. This doesn't teach you to draw squat. And certainly not any characters like the one on the front. Do yourself a favor, go to google or DeviantArt.com and look up a tutorial there. You will find hundreds of real tutorials. PLEASE DON'T SPEND YOUR MONEY ON THIS JUNK
