Human: A Portrait Of Our World

Synopsis

Over the past three years, Yann Arthus-Bertrand and the GoodPlanet Foundation have gathered more than 2,000 interviews in 70 countries, while capturing portraits and aerial photographs. Human explores fundamental themesâJustice, Tolerance, Poverty, War, Happiness, and moreâand each chapter includes excerpts from interviews and essays written by eminent journalists and human rights activists. The book will launch simultaneously with the movie, which will be distributed worldwide for free, with screenings at the United Nations in New York as well as in major international cities. With its collection of inspiring, spectacular images, allied to the unforgettable testimonies of mankindâHuman is a landmark achievement in documentary film and book publishing, a compelling portrait of humanity at the beginning of the 21st century.

Customer Reviews

Fantastic! beautiful book about as many forms of humanity as one is able to think of. Please also see the videos on YouTube --"free" there. Some of the best videos I've ever seen... Incredibly moving and touching... As were these pictures, and the stories contained in the book. This is why we live! This is what we live for! --This is what we strive for! --This is also who we are. What it means to be human! What it can mean to be human!

BUYER CAUTION. This edition is in GERMAN. The link to other buyers from the ENGLISH VERSION connected us DIRECTLY to this seller. The writing on the picture is small and the wrong

assumption was made that it would be in ENGLISH. Not until returning did we see in the fine print below that the language is German. A beautiful book in any language. But you will definitely want to be able to read it and enjoy the powerful stories and graphics that the author includes. We have gifted this to teachers, travelers, graduates etc. and this was to be our own copy for our coffee table.

This is a truly inspiring series. The cinematography is stunning and the message uplifting.
