I've been looking for a very basic rug hooking book, I've bought 6 other books, but this one really takes you from step one with pictures and stitch placement. Now I have what I have been looking for and I highly highly recommend this book to those who are just starting out.

Wow!! Perfect for the beginner and if you have been hooking for years, this is the PERFECT reference guide!! It is the most comprehensive rug hooking book I have ever read! It will teach you absolutely everything you need to know and the directions are easy to understand. I love how it reminded me of things I had forgotten along the way. One of the best parts? It is so much fun to read!!

I recently purchased this book and enjoyed it from cover to cover. I hooked my first rug on my own and just went for it. I wish I had read this book before I hooked it. She tells you everything you need to know from start to finish. I now start a rug with a plan instead of scratching my head. Thanks Kris for sharing with us. Please write another soon!
