One Piece is my favorite manga/anime of all. It's always had a great balance of comedy & action... and it can also bring tears to your eyes in occasions. The story & the characters have grown as the story has progressed. Plus, the little covers for the chapters many times give you insight into what other characters have been up to in the mean time, and that has always been great!

Things really start to pick up in this arc as we find out more about law past and his connection to doflamingo. Recommended for every one piece fan.

One of my favorite arcs in One Piece.

My so loved it
