Love this guide. I have a Disney pass and have owned many of these guides in different editions. We go on the hunt each time we go and have found many hidden Mickey's we never look up the actual absolute spot they are in and the hunting is the adventure. I went this week with visiting family and found out you could no longer buy this type of guide at Disneyland anymore. You can only but a guide that tells you exactly where Mickey's are hidden. Takes the fun out of it if you ask me! I highly recommend this guide for extra fun at Disneyland.

Fun to use, had a great time looking for all the "hidden Mickey's" this book says that are out there. It's very helpful and a great game when walking from attraction to attraction if you're not a "shopper" getting sucked in to all the stores selling all the same stuff as the next. This book made that much more fun to "hunt" instead of shop!!

Nice and makes finding Mickeys fun, buy giving hints. The new color book that Disneyland is selling takes all of the fun out of looking for Mickeys. This is definitely the one to get

As always the Hidden Mickey books are a lot of fun. This one is the same way. I enjoy looking for Hidden Mickey's throughout the park. Thanks for another wonderful book!

A fun addition to our Disneyland trip. Loved using the scavenger hunt as a guide for a couple of our days at Disney.

Well written and up to date made our trip to Disney even more memorable and entertaining. A must have!
