Best-Selling 1-Story Home Plans

Synopsis

Providing a unique combination of full-color photography and illustrations, Best-Selling 1-Story Home Plans offers 400 plans of the best-selling and stylish home designs available. From convenient ranch homes to traditional cottages, a wide variety of home styles and sizes can be found in this book to meet your budget. In addition to the designs, the book offers practical tips and advice to create the home of your dreams. If you are planning to build a one-story home, this book will show you the many faces of this popular type. In addition, a section on home decorating will help you dress up your new home. And for each and every house shown, there are complete construction blueprints available, allowing you to build your special home the way you want!

Customer Reviews

Home plans are a bit dated and do not always represent current ideas for room types and sizes. Although it is supposed to be the 3rd Edition for 2015, there is little, if any, difference between this and the older edition. Some plans get one or more pages, including some photos and extra descriptive notes, while other plans are shown to-to-a-page with nothing but basic dimensions. Most of the homes are shown in artists' drawings with just a few actual photos. While this book can give you some ideas, there are better home plan books and magazines available.

Found a couple plans to consider for us but many beautiful plans

A good collection of house plans. Most are in a rather repetitive style. Please note that the homeowner cannot use these plans unless he/she also pays a hefty fee to the designer.

Fewer plans available than previous editions. Good overall for getting started looking.
