Charlie Mike: A True Story Of Heroes Who Brought Their Mission Home

Synopsis

This is the true story of two decorated combat veterans linked by tragedy, who come home from the Middle East and find a new way to save their comrades and heal their country. In *Charlie Mike*, Joe Klein tells the dramatic story of Eric Greitens and Jake Wood, larger-than-life war heroes who come home and use their military discipline and values to help others. This is a story that hasn't been told before, one of the most hopeful to emerge from Iraq and Afghanistan—a saga of lives saved, not wasted. Greitens, a Navy SEAL and Rhodes Scholar, spends years working in refugee camps before he joins the military. He enlists because he believes the innocent of the world need heavily armed, moral protection. Wounded in Iraq, Greitens returns home and finds that his fellow veterans at Bethesda Naval Hospital all want the same thing: they want to continue to serve their country in some way, no matter the extent of their injuries. He founds *The Mission Continues* to provide paid public service fellowships for wounded veterans. One of the first *Mission Continues* fellows is charismatic former Marine sergeant Jake Wood, a natural leader who began *Team Rubicon*, organizing 9/11 veterans for dangerous disaster relief projects around the world. "We do chaos," he says. The chaos they face isn't only in the streets of Haiti after the 2011 earthquake or in New York City after Hurricane Sandy—it's also in the lives of their fellow veterans, who've come home from the wars traumatized and looking for a sense of purpose. Greitens and Wood believe that the military virtues of discipline and selflessness, of sacrifice for the greater good, can save lives—and not just the lives of their fellow veterans. They believe that invigorated veterans can lead, by personal example, to stronger communities—and they prove it in *Charlie Mike*. Their personal saga is compelling and inspirational: Greitens and Wood demonstrate how the skills of war can also provide a path to peace, personal satisfaction, and a more vigorous nation.

4.75 stars Charlie Mike is not the name of any person, but military shorthand for âœcontinue the mission.â • This is the story of some veterans from Americaâ™s 21st century wars and their reorientation to civilian life. Navy veteran Eric Greitens was the initial driving force behind the organization that grew to be named âœThe Mission Continues.â • His life had been filled with a desire to achieve excellence in all things, academics, sports, martial arts, leadership, and service, military and otherwise. That innate urge led him to carve a way for veterans of his generation to transition back to the civilian world. Ericâ™s ideal of âœwarriorâ • and all that entailed convinced him that veterans needed not only to be of service but also needed the camaraderie of fellow veterans while doing so. Many felt isolated from the civilian population and struggled to fit in. Give them a mission/purpose with other vets and they could heal each other and hopefully decrease the astronomical rate of suicide and emotional dysfunction among the men and women who had served. Jake Wood, a Marine veteran of Afghanistan, and his buddy Clay Hunt, were on their way back from volunteer service in post earthquake Haiti, on a plane to Miami, when they found Ericâ™s advertisement in âœOutsideâ • magazine. He was looking for veterans who wanted to be part of a force that used their military skills for service to others. Jake and Clay had just completed a remarkable experience in Haiti and both knew they wanted to help at another disaster zone in the future. To their surprise, they found the Haitian people gracious and grateful for the help that they brought. They saw no evidence of the havoc that was described on broadcast TV and in other media. That was the opening for Jake and Eric to join forces.
