ACT For Dummies

Synopsis

The fast and easy way to score higher on the ACT Does the thought of preparing for the ACT give you anxiety? Fear not! This new edition of ACT For Dummies gives you a competitive edge by fully preparing you for the ACT exam with subject reviews, practice opportunities, three full-length practice tests and coverage of the optional writing test. Written in the accessible and friendly For Dummies tone, this hands-on guide helps you assess where you need more study help, gets you up-to-speed on the questions you can expect to encounter on the actual ACT exam, and will have you practicing your way to test-taking perfection before exam day. The ACT is a standardized test used by college admissions boards to measure high school achievement. Designed to gauge a high school student's preparedness for college in the fields of English, mathematics, reading, and science reasoning, the ACT is a nationally recognized college entrance exam that is accepted by more than 90% of four-year colleges and universities in the United States. If you're a high school student preparing for this all-important exam, ACT For Dummies, 6th edition gives you everything you need to raise your chances of scoring higher. So what are you waiting for? Sharpen a pencil and get started! Tips to maximize your score on the ACT Strategies to stay focused on test day and manage your time wisely To take your skills to the next level with practice problems and exercises. How you measure up, with 3 full length practice tests Whether you're preparing for the ACT for the time or are retaking the exam to improve your score, ACT For Dummies, 6th edition gives you everything you need to score higher.

Customer Reviews

I took the ACT and SAT back in the Jurassic Age. There were none of these books and just a few photocopied old tests to study the format and some sample questions on a few pages stapled together. This preparation book enables high schoolers to learn the format and become accustomed to the types of questions. This helps to remove the fear factor and lower test anxiety. It also helps to improve scores about 3 to 7 points which may be the difference of receiving a scholarship or not.

I used the Princeton review guide and this one, and I preferred this one. No, you are not a dummy if you are about to take the ACT. You are headed for college. But--it gives you a study guide that is written in simple language, even though the questions themselves are test-level.

I got this for my daughter. She is on chapter four and already has seen several things that she did wrong on the practice act. I'll update after she takes the real thing.

This book provides solid information for anyone wanting to increase his or her ACT score.

Great study tool for the ACT
