Respiratory Care: Principles And Practice

Synopsis

With contributions from over 75 of the foremost experts in the field, the third edition of best-selling *Respiratory Care: Principles and Practice* represents the very best in clinical and academic expertise. Taught in leading respiratory care programs, it continues to be the top choice for instructors and students alike. The Third Edition includes numerous updates and revisions that provide the best foundational knowledge available as well as new, helpful instructor resources and student learning tools. *Respiratory Care: Principles and Practice*, Third Edition is a complete and up-to-date exploration of the technical and professional aspects of respiratory care. With foundations in evidence-based practice, this essential resource reviews respiratory assessment, respiratory therapeutics, respiratory diseases, basic sciences and their application to respiratory care, the respiratory care profession, and much more. *Respiratory Care: Principles and Practice*, Third Edition incorporates the latest information on the practice of respiratory care into a well-organized, cohesive, reader-friendly guide to help students learn to develop care plans, critical thinking skills, strong communication and patient education skills, and the clinical leadership skills needed to succeed. This text provides essential information in a practical and manageable format for optimal learning and retention. Including a wealth of student and instructor resources, and content cross-referencing the NBRC examination matrices, *Respiratory Care: Principles and Practice*, Third Edition is the definitive resource for today's successful respiratory care practitioner.

FEATURES More user-friendly content specifically for the anatomy and physiology of respiratory, cardiac, renal, and neural systems. Expanded, revised, and enhanced resources for students and instructors More than 580 photos and illustrations, and more than 300 tables and equations

Customer Reviews

Upon receiving the textbook I opened it and saw the 1st 100 or so pages are not connected to the spine! This book is expensive and is supposed to be brand new. I am very disappointed.

Book came in sooner then expected, which it was good. The book came in plastic. Brand new

Much larger than expected. So happy I rented instead of purchased....

Arrived in perfect condition. Required text for my wife's class.

Book was as advertised Â Â Â^Â

Came in perfect condition

In time and perfect.

Great affordable way to get text books.
