## Customer Reviews

I don't think it really does what it advertised to do. It does not explain the criteria for each option of the oasis. It only lists the different option which is the exact thing the oasis already does! This was a big waste of money

A lot of great information and rationale. Very handy!!!

My husband finds it very helpful. He is happy with it which makes me happy. He is an experienced nurse new to Home Health and he has found it valuable for him.

Lots of info packed into a small useful booklet.
