# Feng Shui : Home Interior Design Household Decoration To Attract Prosperity Love Luck Harmony: Magic Power To Fulfill Your Wishes

## Synopsis

Feng Shui: Home Interior Design Household Decoration to attract Prosperity, Love, Luck & Harmony. This book contains proven steps and strategies on how to utilize the power of Feng Shui in order to invite happiness and success into your abode. All living beings, from plants to people, are vehicles through which universal energy flows. As such, we are all interconnected. Feng Shui is all about your relationship with the environment. It's all about achieving harmony with your surroundings in order to obtain balance within yourself. When done correctly, the practice of Feng Shui can aid you in influencing and wielding the energies around you so you can use them to improve specific areas in your life. Through this book, you will learn how to use the bagua map to understand which areas of your home correspond with the different areas of your life. More importantly, you'll learn which decorating tips you should apply and avoid so that you may not only enhance the room's aesthetic appeal but also its ability to attract positive energy. Not everything that looks good is good for you. In these pages, you'll find tips on how to appropriately select and position furniture in different areas of your living space. Feng Shui is not just about rearranging stuff around the house in a mystical manner so you can get rich quickly. Forget about what you've heard; Feng Shui is not about spending a great deal of money to give your home an ostentatious overhaul. Through the following chapters, you'll understand that sometimes, a tiny tweak here and there is all it takes to invite luck, love, and prosperity into your dwelling, be it humble or grand. ## Customer Reviews

This is one of the better books on Feng Shui I've read. I have always ended up disappointed and frustrated in the past and more confused but am already putting these practices into play in my life and I feel my family and myself beginning to exhale again slowly. Finally after some tough years. Thank you!!

I had often heard the term 'Feng Shui' and that it had to do with flow and inviting positive energies into your home. After reading this book it all makes more sense to me and I'm excited to research even further! This book was a great starting point for a beginner!

This short yet informative book on Feng Shui was a really great find! I'm a practicing Buddhist and try to keep things generally in order, but often struggle. Since moving into a new house, I need to redefine my living space, and this is a super helpful guide worth sharing. What I like about the description is the truthful "Not everything that looks good is good for you." I think that was the selling point for me - a reality check, but in a kind way. Everything is organized and not overwhelming at all. I can see this book being a constant resource now that I have a new home :) Here's what I found most useful: Elements and colors described throughout the home and what to use depending on the room - I never had a whole house to myself, so I now get to learn how to have proper Feng Shui in rooms like my kitchen. Bagua map: what it is and how to use one - Very helpful breakdown. Specific things to do and avoid, materials that promote desirable outcomes - I find this important. Not many people tell you what \*not\* to do.

Excellent information on the topic. By reading this book, I got the knowledge about feng shui and how to use it for getting luck, peace, love and success in major parts of our life. Well written by the author giving detail required explanation. What I like most about this book is the information about each area of living space in a home and how to decorate it with very easy tips to get the most benefits out of that area. Highly useful information that anyone can try at home. Highly recommended!\*\*\* I was given a free copy of this book in exchange for writing a fair and honest review. \*\*\*

This book is informative with the feng shui knowledge including the the introduction of 'chi' and teach us how to decorate our home easily with furniture arrangement to attract different materialistic things. By using the rituals in different parts of our house, hopefully, i could see the differences in my life. Good for leisure with the short length.
