Customer Reviews

Definitely leans toward the muscle car market. This guide is not at all up to date and is horribly inaccurate in its pricing of European cars in nearly every respect. Not useful for exotic or rare cars at all.

A GREAT COMPREHENSIVE GUIDE FOR ANY CAR COLLECTOR. I GO TO AUCTIONS AND CAR CORRALS AND TAKE THIS WITH ME SO I KNOW ABOUT WHAT TO PAY. WISH I HAD IT IN PAST YEARS. WOULD HAVE PROBABLY SAVED ME MONEY.

This book is excellent in helping us to put a price on our collector cars. Thank you.

A good reference for the market prices of cars.

Nothing fancy - just the prices based on vehicle condition. Exactly as expected. It is a big book 825 pages. So far, every vehicle I looked up was included. Only goes to the 2008 model year.

Exactly what you need if you want to fix up old cars. Takes out all the guesswork. This book has made me money. And lets me know exactly how much I should invest...

Very comprehensive collector car price guide that breaks down the models to the finest detail. Highly recommend this price guide over any others that are out there.

A great reference for old cars. Prices, production numbers and other nice to have information.
