Muscle Cars An Illustrated Guide

Synopsis

Muscle Cars: An Illustrated Guide contains comprehensive coverage of more than 75 of America's greatest muscle cars, from the classic 1960s Pontiac GTO to the 21st century Ford Mustang Cobra. No muscle car throughout the past 100 years is left out of this gorgeous collectible book. Do you have a muscle car fan in your life? Muscle Cars: An Illustrated Guide features over 1,000 full color, specially commissioned photographs detailing every aspect of these high performance machines. From car bodies to engines to drop tops and hardtops, muscle cars are some of the most beautiful automobiles manufactured today. Don't miss out on the opportunity to learn the ins-and-outs of these gorgeous cars. This volume also includes comprehensive specification panels giving detailed technical and performance information for each car listed. Not only do you get a list of specifications and performance information, Muscle Cars: An Illustrated Guide describes the design and engineering modifications of each vehicle, allowing you to take a walk down memory lane and track the progression of engineering updates through the years. This volume of Muscle Cars makes a great gift for the car enthusiast in your life, or for kids interested in the way machines work.

Customer Reviews

. . . I ordered and recieved this book with much anticipation. I was NOT disappointed. What a VERY inclusive book. All of the ""muscle cars"" of my former young-adulthood are there. The pictures, descriptions and technical specs are amazing. This era of car history is well documented. Great job!!

Christmas gift to my son, who sells exotic cars and muscle cars. He knows a whole lot, what car out performs other cars, etc. According to him, I should have bought a muscle car instead of a BMW 850ci. It's back in shop for another \$2500 repair. I hate to say, he's right. The photos in this book are tremendous!

One of the most exhaustively written and comprehensive books published on Muscle Cars focusing precisely on the parameters of each of the models with lots of colorful photos printed on the high-quality paper, it takes you on a journey revealing almost every bit of a detail of those highly craved machines. I was kind a impatient with the time of the shipment however this has proved to have been worth waiting for.

gift for my motor head grandson great pictures and lots of info on the cars
