Bird Love

Synopsis

Fine art photographer Leila Jeffreys captures the beauty and diversity of some of our most colorful and elegant feathered friends. From the exotic birds of her native Australia to those of North America, Jeffreys seems to delve into the very souls of these creatures with her stunning and evocative portraits. Jeffreys works with animal rescue and conservation groups to find subjects to photograph. Her love and compassion for her subjects is evident throughout, as she captures their personalities in her delightful portraits; Commander Skyring the Gang-Gang Cockatoo, Dexter the White-Bellied Sea Eagle, Mrs. Plume the Budgerigar, and many others are as whimsical as they are beautiful.

I need another book like I need a hole in the head. But if holes in my head were as beautiful and fascinating as this book, my head would look like swiss cheese. Jeffreys has a gift for capturing the presence and intelligence of these birds.

The photographs in this book are so beautiful and the oddities of each bird really come through. I've been following Leila Jeffreys for years and was so glad this book was published. Pure pleasure

Good photography, however, a lot of parrot type birds which aren't my favorite. Depends on personal like.

I bought this as a gift for our bird loving friends. The book is gorgeous with amazing paper. The pictures are stunning. Really, really pleased with it.

This was a fabulous gift that I have to a Master Naturalist/photographer. She absolutely loved it. Annie H.

Beautiful photos with thoughtful tidbits about each of the birds in the index. Great coffee table book at a very reasonable price

TERRIFIC, My wife is a bird lover and she went "cuckoo" over the book

A beautiful book throughly enjoying it but unfortunately it was slightly damaged around the corners due to bad packering!
