Gender Through The Prism Of Difference

Synopsis

Gender Through the Prism of Difference adopts a global, transnational perspective on how race, class, and sexual diversity are central to the study of sex and gender. In contrast with other books in this area--which tend to focus on U.S. or European viewpoints--this wide-ranging anthology features many articles based on research done elsewhere throughout the world. Now in its fifth edition, the book opens with a revised and updated Introduction that sets the stage for understanding gender as a socially constructed experience. Featuring twenty-eight new readings, this edition covers compelling subjects like transgendered people, intersex issues, men and masculinity, sexual and gender violence, disabilities, obesity, reproductive technologies, educational testing, aging and ageism, and Occupy Wall Street.

Book Information

Paperback: 592 pages

Publisher: Oxford University Press; 5 edition (July 15, 2015)

Language: English
