Customer Reviews

We bought 3 maps of Ireland for driving through the countryside. This one was BY FAR the most helpful and most accurate, with all of the grades of highways from freeways to tiny village "roads."

Heading back to Ireland for a second trip. This map will be great to use. I plan to highlight our route and add notes so that we can share it with friends who want our recommendations. GPS can be so expensive; this is a much better way to tour Ireland by car.

The map is very detailed; however, I would suggest purchasing a map with a ring binder because it would make it easier to use and navigate.

The map is clear and easy to use.
