## Customer Reviews

I have a son who is really into minecraft. He plays it in a group at school, he plays it at home, he is all about minecraft. So when I saw this Diary of a Minecraft Legend Hunter by Tomb of Tales I knew that he would love it and it would get him off the game and reading. I had this book sent straight to his kindle, and when he started reading it he couldn't put it down. It took him 2 days to read it, but he had school, he loves it. He told me that he loves that the chapters are short, makes him feel like he reading a ton. He also told me that the titles being the days makes it much easier to follow. I am so happy that I found something that he enjoys that doesn't require him to be playing video games. Truly an amazing book. My sons words - "This book rocks, when I can I get more?" So if you have a kid that likes minecraft I am sure that they would love this book!!! received this product at a free or discounted price for my honest and unbiased review.

I have read most of the Minecraft books here on but this is definitely one of the best I have ever read! The story is awesome and I'm so excited to get more from this stuff :)
