## Customer Reviews

I prefer the English cover but though the book was very good. Moto GP is not heard of much in the US so it was a good coffee-table book comparing history to now. Very up to date, it is August 2015 and photos are from the end of 2014. I enjoyed it, was also a bargain when I got it and not \$30+ I recommend *Grand Prix Yesterday & Today* as a companion

Great book. Has a lot of history about moto gp and wonderful photos. A must have book for moto gp enthusiast.

There may be some worthwhile tidbits in this book, but I wouldn't know. Once I read the page crediting Kenny Roberts with originating the hanging-off knee-dragging style, when a troll though any educated bike-racing forum will reveal that Jarno Saarinen did it well before Roberts, I lost

interest.

Great coffee table book. Interesting for both riders and non-riders.

Great book, looks good with collection on coffee table

The book is perfect and was delivered right in time.
