# **Stacy's Destiny: The Town Of Pearl, Book 2: Siren Publishing Menage Everlasting**

## **Synopsis**

Stacy's on the run after being assaulted. She heads to the town of Pearl as she copes with her fears from the attack. In this storybook town filled with kind people and not-so-typical relationships, the last thing she expects to find is her destiny in the arms of Max and Eric Cantrell. Eric and Max meet Stacy on the same day, but at different times. They are instantly attracted to her and feel that she may be the one they have been waiting for. The trouble is, Stacy's from New York and has a past that makes her wary of men in general. But the heat between the three is out of control, and once they get a taste, Max and Eric are set on keeping her. When trouble comes looking for their woman, they're ready to fight and willing to risk everything to protect her. A Siren Erotic Romance

ASIN: B00YGRAINC

Best Sellers Rank: #958 in Books > Audible Audiobooks > Fiction & Literature > Erotica #4646 in Books > Audible Audiobooks > Romance > Contemporary #6282 in Books > Romance > Western

## **Customer Reviews**

Dixie Lynn did it again !The only reason why I gave this book a 4 stars was because I had already purchased and read Anna's story in For the Love of Anna first. I hate it when I read the second book before the first it drives me crazy. Even though I understood that the Stacy's story did not come out until a couple of years later I think it would have been so much better if it had been released first. Now that I'm done whining about my reading order problems I will get on with the book. Dixie Lynn is one of the few authors which I preorder all her books. I loved the town of pearl and can not wait until book 3 comes out (Please let there be a third book) If you have ever read Sophie Oaks or Leah Brooke series then you will love the Town of Pearl books. I like giving other people comparsions based on authors that I feel are similar so that they can understand the feel of the

book and story

This is Stacy' s story. And Eventhough it says book 2, it really should be book 1 and Anna's story book two.I really liked Stacys Destiny. The bad guy was creepy scary. Stacy incredibly strong, even with Max and Eric. Loved the emotions and our characters. The romance, although quick came across nicely paced in our story. The lov'in was hot. I removed a star because I felt there should have been a little more follow up with the bad guy twist towards the ending. I also felt the price a little higher than usual for this series, but is definitely a great addition to the town of Pearl reads.

It took me longer to read this book on the second time around, I think that was because I am reading another book at the same time and I really just wanted to savor the read this time. You know how i is, when you get into a book and you don't want put the book down or might miss something (it's almost like watching a new episode of your favorite TV show). I will most likely read this one again, I really like stories where the woman won't give up without a fight, rather than just sitting there waiting to be rescued. And Stacy sure can put up a fight :)

I really enjoy reading Dixie Lynn Dwyer's books, and Stacy'ss Destiny was no exception. I loved the characters and there interactions. Stacy was so independent one minute then a weeping willow the next, which was a bit annoying, but it followed along with the story so was a little understandable.

This is actually a prequel to the book "For the Love of Anna" I would suggest reading this book first since it introduces the other characters in the series. When I read "For the Love of Anna" I immediatly tried to find the story involving Stacy and her men. I was very excited to see this book. For me it was not as good as the other but I enjoyed the series. I love the men of Peral and hope that there will be additional stories.

What a great story, and to have it be erotic as well was awesome. This I'd only the second book I have read from this Author, but definitely not my last. I will read everyone before I stop. Thank you Dixie.

After an assault from a supervisor at work Stacy decides to leave her old life behind and run off to the town of Pearl, a place where one of her best friends has ties to. Stacy finds the town friendly and the people wonderful, almost like in a storybook. She also finds that many of those in the town have

had unconventional relationships for years. In fact she meets brothers (Eric and Max) who in fact have more than one father. And these men seem to both be drawn to her. Stacy's assault has made her wary of men but Eric and Max set out to show her that they are the right men for her. They are also very protective of her when danger seems to seek her out in Pearl. Stacy's Destiny is a fast moving, action filled story about how one woman decides to take back her life, and finds love at the same time. I think Ms. Dwyer does a wonderful job in not only portraying how a stalking victim would act but how the men (yes men in this case) would react to her being threatened, if they truly care for her. While Stacy's Destiny is the second in a series it can easily be read as a stand-alone, as I did. Though I should let you know, you will then want to go back and read the first offering and be impatiently waiting for the third. Stacy's Destiny handles a tough situation well, and makes for a wonderful read. Reviewed by TanyaFor Joyfully Reviewed
