Avery's Neonatology: Pathophysiology And Management Of The Newborn (Avery's Neonatology Pathophysiology And Management Of The Newborn)

Synopsis

Manage newborns effectively through an accurate understanding of their pathophysiology with Avery's Neonatology! Originally authored by Dr. Gordon B. Avery, a founding father of the specialty, this respected neonatology reference is internationally acknowledged as the defining source on the pathophysiology and management of both preterm and full-term neonates. Make the most informed, appropriate clinical decisions with guidance and insights from hundreds of world authorities. Access the latest advances via comprehensive updates from 52 new authors as well as four completely new chapters. Apply evidence-based practices through current links to multi-institutional trials, which will be updated regularly by the authors. Find the answers you need more easily thanks to a new color format. Now with the print edition, enjoy the bundled interactive eBook edition, offering tablet, smartphone, or online access to:

Complete content with enhanced navigation

A powerful search that pulls results from content in the book, your notes, and even the web

Cross-linked pages, references, and more for easy navigation

Highlighting tool for easier reference of key content throughout the text

Ability to take and share notes with friends and colleagues

Quick reference tabbing to save your favorite content for future use

Customer Reviews

The most thorough of the Neonatology textbooks. Topics have traditionally been fully covered in the various chapters in past editions as well as in this latest book.

Always good book.
