Synopsis

In order to be successful in today's competitive landscape, a college football coach needs to have the same skills as a high-achieving CEO. The Management Ideas of Nick Saba covers the mindsets, management style, and performance tips that Alabama Crimson Tide Football Head Coach Nick Saban used to become a 4 time national championship winning coach. This brief case study will give you the tools to manage your organization from one of the best executives in the country. Here are just some of the key takeaways that you will receive after reading this case study on leadership: -How Nick Saban sets goals for his players and his program. -How a positive attitude can help your team overcome adversity. -The value of time management and why you should "invest your time". -How to bounce back from defeat and mistakes. -Perform at a higher level by eliminating distractions. Nick Saban is widely considered to be one of the best college football coaches in history. He has won 4 national championships, with 3 titles in a 4 year time span. He has twice been named the Associated Press Coach of the Year. Customer Reviews

I bought this book to learn how Coach Saban recruits and I got so much more. I respect anyone that is at the top of their game but this book is much more. A great book for everyone, parent, leader, and coach. Highly recommended !!

Great book, not shocking. These guys work hard to maintain their skills, fitness, etc. Reinforced my thinking and provide me with new "stories" to tell when interviewing or motivating employees.

This is a great short read that does a phenomenal job highlighting the winning philosophy of Coach Saban. I'd recommend this to everyone. I liked this presentation so much I've just purchased the other four booklets from these folks.

I recommend anything written by or about Nick Saban. He is a man of character and a role model to all. He teaches discipline, self confidence and pride in what you do. Buy it, you won't be sorry.

Great reading material for a really short trip. I wish it was a bit longer. Several of the books Nick Saban has co-authored are more indepth but this does capture a lot of press clipping material

This case management approach distils the essential elements of Coach Saban's "Process" and gives reader's an opportunity to apply those elements to succeed in every aspect of life.

There are several inexcusable grammatical errors in the book. Great content, but please use a better proofreader before going to print.

Love this man's management philosophy yet dislike Alabama football! How could this be? Try my new invention! - Versa-Bands dot com
