## Synopsis

How ANY student - including YOU - can win scholarships and earn free money for college! On the first day of high school, Kristina Ellis' mom - a single, working mother who lost her husband to cancer - informed her that she could not financially support her after graduation. Kristina would need to find her own way to pay for college. As an average student with less-than-impressive test scores, Kristina realized she would have to sell herself to scholarship committees if she wanted to stand out. That's when she devised the plan that led to her receiving over \$500,000 in scholarships - enough to pay for her full education at a top-20 university, all the way through her doctoral degree, and make her dreams come true. How she made it happen - and how you can too - is the focus of this audiobook. ## Customer Reviews

I have two daughters, ages 14 (almost) and 16. Wow, am I glad this book came into our lives--with not a second to spare! It will save us thousands and thousands of education dollars, all for the cost of a Starbucks coffee and a breakfast sandwich. What I like about *CONFESSIONS OF A*

SCHOLARSHIP WINNER is that the author LIVED IT. Her story is amazing. This makes this book very personal, very real. If you're looking for a book containing a list of thousands of scholarships--this is not it! Besides, you can find that kind of information on the Internet (the author shows you how). As a result, it is as much a inspirational/motivational book as it is a "how to" book. The author basically becomes your very own college scholarships mentor or coach. Very unique approach--and a good one. The author shows you everything you need to know to go after scholarships of all sizes. How to write essays, what to concentrate on, how to make every word count (sort of like Twitter!). It's amazing how every word does, in fact, COUNT! In addition, she shows you how to create your own personal formula for success. I really loved the section where she goes inside the mind of a scholarship judge...and reveals how they think, and what they are looking for. There is even a chapter on the often-overlooked things that make or break a scholarship application. Are you kidding me? I would have never of thought about those things in a million years! Again, this is not your ordinary scholarship book. The author wrote this to be your guide. She holds your hand and mentors you through the process. She seriously could be the next big motivational speaker for a new generation.
