Customer Reviews

i didn't take AP english language and composition, and i last-minute studied with this (the night before the AP exam which i signed up for)got a 5 on the test! while english IS my favorite subject, barron's really did help me understand what was going to be on the test.while my time using it was brief -- i really do believe that i wouldn't have gotten a perfect score if not for this book.

This book helped my daughter get a 5 on her AP exam! Without it, she wouldn't have the extra

practice and strategies she could only get from a source made specifically to help on the AP Test, as apposed to relying strictly on her textbook or her teacher who has 50+ students to prepare.

This was mostly about how to take the test rather than reviewing course material

Like the layout of this book and the clear instructions.

Extremely well written and easy to understand. I took the test on May 11 of 2016 and I felt so confident after taking the test.

I use this to help supplement my lessons and prepare the students for the AP exam.

I feel really prepared to take the test after reading this. Super helpful!

Great review.
