Synopsis

"Swoon worthy! I fell in love with Oliver Perry so fast! This book is feels inducing...I loved every single page!" •Anna Todd, New York Times bestselling author of the After series "When I met Oliver Perry, I had no clue he was the lead singer for The Heartbreakers. And he had no idea that I was the only girl in the world who hated his music." Stella will do anything for her sick sister, Cara—even stand in line for an autographed Heartbreakers CD...for four hours. She's totally winning best birthday gift this year. At least she met a cute boy with soft brown hair and gorgeous blue eyes while getting her caffeine fix. Too bad she'll never see him again. Except, Stella's life has suddenly turned into a cheesy love song. Because Starbucks Boy is Oliver Perry; lead singer for the Heartbreakers. And even after she calls his music crap, Oliver still gives Stella his phone number. And whispers quotes from her favorite Disney movie in her ear. OMG, what is her life? But how can Stella even think about being with Oliver; dating and laughing and pulling pranks with the band; when her sister could be dying of cancer? Ali Novak wrote her debut novel *My Life with the Walter Boys* when she was just 15 years old, and has since penned her next book, *The Heartbreakers*. First a hit on the online community Wattpad, her second novel has over 38 million reads and is loved by readers around the world. "When I wasn't reading this book, it was all I wanted to be doing. Adorably romantic and fun! I loved it." •Kasie West author of *The Distance Between Us*

Summer Lovin'; 4 stars! The Heartbreakers is a fun and entertaining read in spite of its emotionally laden plot. A Quick Summary: So before we actually begin, let me be upfront and honest. The only reason I originally wanted to read this book was because a reader pointed out that all I ever tend read and review is fantasy. Sure I read historical fiction, mystery novels, the occasional science fiction novel, etc, but they all have fantasy in them. Now really there are two main reasons for this. Number one, itâ™s what I like. That much should be obvious. Number two, itâ™s what Iâ™m comfortable with. I know I can review fantasy novels, and do them justice, because Iâ™ve done it enough. Itâ™s my niche. After I had it pointed out to me though, I realized I needed to branch out. Now this book didnâ™t actually come into play until about 3 days after that message. I was going through some potential new books and I happened upon this. In the past I have read some John Green, and after reading the description that is what I was expecting; John Green meets One Direction. Needless to say, because of the latter I wasnâ™t expecting much. Alright so now that weâ™ve gotten that out-of-the-way, we can really get started. So the basic premise for the plot is pretty standard and, in and of itself, isnâ™t that remarkable. Essentially itâ™s: girl meets celebrity guy and doesnâ™t know heâ™s a celebrity. Girl and guy hit it off together, and despite the fame they manage to become entwined, romantically.
