Truly Madly Famously (Famous In Love)

Synopsis

Soon to be a series on Freeform, formerly ABC Family, starring Bella Thorne. "A must-read for anyone curious about life and love behind the scenes."--Bella Thorne, actor and author of *Autumn Falls*, on *Famous in Love* Lights, camera, love! After being plucked from obscurity, Hollywood's newest It Girl, Paige Townsen, has a blockbuster film to her name and Rainer Devon on her arm. But being half of the world's most famous couple comes with a price. No matter where Paige goes, someone is always watching. Soon she finds herself dodging photographers; hiding her feelings for her other costar, Jordan Wilder; and weathering tabloid scandals that threaten to tear her and Rainer apart--and end her career as quickly as it began. As she navigates her new L.A. life in this exciting sequel to *Famous in Love*, Paige finds that she doesn't know who to trust: Old friends could be betraying her secrets, and new friends are keeping secrets of their own.

Grade Level: 7 and up

Customer Reviews

I read *FAMOUS IN LOVE* a few months ago, and I could not wait to get my hands on the next installment. I fell in deep with the characters we met on that gorgeous Hawaiian island. Their story sank into my heart and never quite left. *TRULY MADLY FAMOUSLY* was a sequel that did that book justice. Our characters are back and still have that hold on our hearts. In this book, Paige is in full blown celebrity mode and she is not quite sure how to handle that. With incredible support and

success from the first movie, Paige now has to navigate the stardom that follows including the very invasive paparazzi. At least she has Rainer at her side. He is everything she needs in this new life that has been thrust upon her—supportive, loyal and not to mention he is also easy on the eyes. However, despite how amazing Rainer has been Paige can't help but think about how she left things with Jordan and how every time she sees him her heart begins to race. Aided by new friends as well as some old ones, Paige embarks on this new journey of fame. However, as it has been shown things don't stay secret in Hollywood for long and for a girl with a major love triangle-y secret that can only mean trouble. She might also find out that not everyone can be trusted and her very own loved ones are keeping secrets too. *TRULY MADLY FAMOUSLY* focuses on Paige's journey navigating the Hollywood limelight. While Paige found her foothold with *Locked*, she might have lost who she was on the way up. This story is not only about Paige finding out who she truly loves, it is also about finding out who she truly wants to be in a world that can so easily tear you down. Serle does an amazing job of giving you a drama filled book but one that also has a sense of closure and leave you with an overall better understanding of the characters we loved in the first book. This book left me highly satisfied and I loved every minute of it

STOP - before you read this please be aware that there may be book 1 spoilers included... DO NOT KEEP READING if you don't want to know them! Let me just start off saying that I think I loved this book more than *Famous in Love*. I wasn't sure that was going to happen, in fact, I was kind of on the fence about reading this because I didn't love love book 1. I'm so stinking glad I did because once I started this, I couldn't stop!! I'll be honest, book 1 didn't end quite where I wanted it to, and when I picked up *Truly, Madly, Famously*, I had to go back and reread the last chapter just to remember where we were. Book 2 dives in shortly after the junket tour for *Locked*, the movie that is making Paige Townsen a household name and Paige & Rainer—an actual couple nickname. Of course Paige & Rainer are dating if you didn't piece that together and Jordan, well, he's off doing his thing. If you've seen the gossip magazines or tv shows then you can imagine what Searle puts her characters through here. They can go anywhere without being hounded by photographers, and the stories about them border on ridiculous, but one thing Paige can't deny is that she's still struggling to find who she is in Hollywood. Searle does Hollywood so amazingly well or at least what I imagine Hollywood might be for a newcomer who's just trying to do something she loves, and Paige really just wants to do the films she wants to do and not have to worry about image or gossip. I know I mentioned that *Famous in Love* didn't quite end

where I wanted it to, but in book 2 Searle explores the many different relationships Paige has. Not just with Rainer and Jordan but with Alexis and Jake and Cassandra. She delves into the trust that Paige has to have for her friends and family simply because of who she now is and she does a really amazing job of it. Of course we're back to a bit of a love triangle here, but I really think it's a well-done love triangle. Don't laugh. Paige struggled so much in determining who she was meant to be with at this point in her life in Famous in Love and it doesn't abate in this installment. Yes, she's in a relationship with Rainer, but things are strained between them and honestly, I always felt she was only meant to be friends with him, so I was more than happy to see the implosion on that. The way it went down was hard to swallow, but I get it one more way to show how a misinterpretation of what really was happening could really hurt people. Though I really loved that it made Paige come clean with Rainer about her feelings. One big difference here that I loved was that though they shoot the second film in this book, the story really doesn't revolve around their time doing so. Instead of focusing on the ins and outs of filming and the day to day of that, we are treated to more of the behind the scenes of Paige and Rainer and Jordan choosing next projects and building and repairing the bonds of friendship. I think what I loved most though was watching Paige become more comfortable with her new life, finding the time for her friends, (both old and new) and figuring out what it is she really wants out of this experience and of course WHO she wants. Overall, a wonderful second book to this series and to say I'm excited for book 3 is an understatement. Definitely a must read for anyone who loves a good contemporary with the twist of a behind the scenes of the machine that is Hollywood.
