Nice book, but I have a few beefs with it. First, although the colored pictures are nice, they are not

put on the same page as the directions. The colored pictures are in the front pages, so when you want to refer to the colored picture, you have to constantly turn back. Yes, there's clear black and white photos, but I would have paid 5 bucks more for them to put them together. That was just dumb.... here we all are, flipping back and forth! Next, being new to this, I'm adding the items to my shopping list.... and see the Florist Wire does NOT list a gauge, only length needed. That said, the designs are cute, directions easy, and pictures otherwise large and nice.

There are a lot of felted animal books out there and I have copies of most of them. This is an easy to use informative book. It would definitely be suitable for beginners but I think that more advanced needlefelters would appreciate this author's unique approach.

There is a very nice selection of different and adorable animals to make. They look very lifelike and the instructions are very clear and well written. The hardest thing for me is deciding which project to make first.

I love this book! It shows you step by step how to make such cute and also fairly realistic animals. I think this is a great choice for anyone who wants to learn how to needlefelt animals!

I did my first dog, and it came out pretty well! Everybody loved the little pads on the paws!!!

The animals inside ARE adorable and the instructions are easy-to-read and understand. There are also ample photos to follow along the progress. Highly recommended.

The animals look so cute and not that complicated. Can't wait to try some out. Once I get a bit more experience under my belt. One has to get their own little hand techniques, first. So I can work faster. But I'm getting there.

Very cute book for needlefelters like myself. Great for beginners and intermediates looking for new cute felt projects. I love that it shows how to add more life like fur to my projects. The animals are all so cute it is hard to decide which to make first!! ^
