Not as good as past releases, when I say this, I mean, the "poster" side of the calendar crosses over across the spine of the calendar itself. This should have just been made a slightly different size, so to preserve the art's original image. And you would be able to save the pictures/posters for

display. Sadly with this, its kind of just another calendar. BUT, does have very cool gig poster art!

A great calendar! The only reason I didn't give it five stars is because the Gig Posters calendar from last year was much better bands and images; just my personal preference

Christmas present for 20 yr old daughter who loves music but is also an artist. She was ecstatic. The pictures are vibrant and really interesting.

I get this poster every year. If you love music, concerts, art, or calendars, this is a must buy.

Just what I was looking for. Not your average wall calendar!

nice calendar!

Love it!
