Customer Reviews

Extremely helpful filled to the brim with tons of social stories to fit any occasion. We were headed on a family vacation that involved lots of experiences outside dear daughter's comfort zone. The social stories were a wonderful resource. Exhaustive selection of stories for any situation.

Most stories are geared toward older kids. I didn't find many that I could use right now with my 4 year old. This book may be more helpful in the future.

I would have loved for it to be more editable and more graphics but the content is clear.

My son doesn't have autism, but has ADHD and is dyslexic. The world is a little exhausting for him and he told me he thought this book was genius.

Great book that includes a lot of social stories for my students with Autism and other special needs.

I bought this hoping it would be more helpful than it has been.

I anticipate this book will be helpful in the classroom.

It what I hoped for, very high functioning narratives
