Financial Markets And Institutions, Abridged Edition (with Stock-Trak Coupon)

Synopsis

Reflecting the latest developments from the field, best-selling FINANCIAL MARKETS AND INSTITUTIONS: ABRIDGED, 11E equips you with a solid understanding of why financial markets exist, how financial institutions serve these markets, and what services those institutions offer. This succinct paperback emphasizes securities traded by financial institutions and the scope of participation of those entities within each market. It focuses on the management, performance, and regulatory aspects of financial institutions and explores the functions of the Federal Reserve System, the major debt and equity security markets, and derivative security market. Extremely reader friendly, the book combines clear writing with timely real-world examples. "Using THE WALL STREET JOURNAL" features pull relevant examples of chapter concepts straight from recent headlines. In addition, the ongoing Flow of Funds Exercise at the end of each chapter illustrates how a manufacturing company relies on all types of financial markets, institutions, and services.

Customer Reviews

I rented this book since it was required for my Intro to Finance class and the rental was cheaper than buying the book from my school's bookstore or renting their digital version. It did help me understand the material taught in class further and was great to study by. I had no problems using it.

Its a great book with a lot of material that helps understand the key elements of Financial market. I enjoyed this book and will highly recommend to those who wants to be familiar with finance in general.

Arrived as expected.

Excellent condition

A++ A++

I am missing chapters 12 & 13 out of this book!! It goes from page 309 to page 341. They weren't torn out. They are missing!

It's totally new. It is the lowest price among all the websites to rent this book.

Very good. Just as described!
