Customer Reviews

The salt body scrub was easily worth the price of admission alone, but the rest of the information was packed with new stuff that I hadn't heard of before. The body butter book was really interested

as well, especially since I had never considered using them before.

I think this set is just perfect! Now I can have two fabulous books by the price of one! The masks and creams are absolutely easy to prepare at home and they all uses natural components; that is why I have chosen this book. There are lot of different options to solve any problem you may have. Your skin will be perfect and your body much healthier. This book contains solid, proven, actionable advice you can start applying into your life right away!

I have only read the Body Butter Book so far but I can't wait to get the ingredients together to start making my own body butters. I love body butters and this book is very informative and really explains all the ins and outs of how to make them. It goes into great detail and you don't feel like you are missing out on some of the actual steps that you need to achieve the finished product.

This kindle book is a must have for anyone interested in making their own body butters, home made scrubs and masks. This kindle book provides a lot of information that is easy to understand and is perfect for beginners. This kindle book is also very unique in the sense that it is very well presented and looks appealing to the eye. My final overview is that this book is worth every cent no matter what you should definitely buy this now!

I've saved so much money doing these at home instead of going to an expensive spa. The body butters and face masks are so relaxing after a week of stressful work and my skin is so much more smooth after I started using this.

Amazing book with brilliant home spa remedies contained within, Its really good to see guides like this to make your own home remedies its an amazing bookset and I suggest everyone to pick it up. I'm going to be recommending this to all my close friends and family really impressive set

I love using this to give my self a homemade spa that doesn't cost much money at all. If you want to have a good time and butter up your skin, then buy this ebook. It is totally worth and explains everything properly. This is extremely simple and you will not regret it.

I just tried the salt body scrub and it just feels wonderful. I can't wait to try the body butter as well. If you like to make your own homemade wellness products, this book set is for you!
