Knitting For Beginners: 7 Simple Steps For Learning How To Knit And Create Easy To Make Knitting Patterns That Look Amazing!

Synopsis

7 Simple Steps for Learning How to Knit and Create Easy to Make Knitting Patterns That Look Amazing! This book is for those who love to knit. Those who are passionate and determined to live their dream but still search for a way to achieve it. We have an honest desire to help them in achieving their goal, and this is our honest attempt. Here you will learn about the minute details of knitting that new knitters should know. Each chapter has been beautifully designed with beginners in mind. By the time you finish listening to this audiobook, you are no longer going to be a novice and will be able to successfully complete your first project. With practice your work will begin to look professional in no time. If you have been searching through all of the websites and blogs about knitting that you can find but are still confused as to where to start, then this is the perfect platform for commencing your journey. In this book you will learn how to knit from a beginner's point of view. This book will teach you the steps of knitting with vivid descriptions and clear instructions. This book will use vivid descriptions and clear instructions to help you learn the steps used in knitting. This book will guide you throughout your journey to learn knitting - starting from collecting the supplies to seaming. This book will help you to learn how to knit but in such a way that you will never get confused with the methods or stitch patterns. In this book you will learn how to fix those common errors that are faced by all knitters, whether they are new or experts. Knitting for Beginners is designed to guide and give a crystal-clear concept of knitting to beginners - from how to hold the needle to casting off. We have tried to provide all possible solutions to the problems that may be.

Customer Reviews

Knitting for Beginners: 7 Simple Steps for Learning How to Knit and Create Easy to Make Knitting Patterns That Look Amazing! (Knitting - Knitting for Beginners ... Patterns - Knitting Patterns - KnitLove knitting books but this one left me wanting more, diagrams, pictures and more. It has the basic information just not displayed colorfully. Tells you how to cast on various ways but is confusing if you've never tried to knit. Diagrams would've helped a lot here. Basics of knitting, increasing, decreasing and how to end instructions are all here. A few patterns at the end.

Very short, with very little here that would really help someone learn to knit, you can just go to wikipedia and get more information on knitting for free than you'll get from this ebook. If you want to learn to knit, you'll do better finding some intro videos on YouTube or even better, signing up for a beginner course at Craftsy, than to get this ebook. Not sure it's really even worth getting for free, but definitely not worth paying any money for.

Good for beginners. Written with no illustrations or pictures. Might be good to have a book with illustrations to study as you read along. I went to the back of the book to look over the patterns. However...the patterns are for crocheting. Which is not the same as knitting....hope it doesn't confuse the new knitter.....

This short read is nice for beginning with knitting. I was missing the pictures. Some images would have cleared the descriptions up a lot. Good starter kit though.

Not a single diagram or photo. I have been knitting for quite some time and I was confused by some of the brief instructions. I would not recommend this as a beginner's knitting book.
