## Customer Reviews

This enormous book is the second companion volume to the popular Outlander series. As the title states, it covers the content of the series beginning with THE FIERY CROSS and ending with WRITTEN IN MY OWN HEART'S BLOOD. The book, however, really covers the entirety of the series including information and discussion about the hit Outlander television series. Along with the expected synopses of the books, this companion also provides various essays by Gabaldon in which she discusses issues regarding the series as a whole. The book includes:

- A synopsis of the entire series through MY OWN HEART'S BLOOD.
- Synopses of the novels in the series after THE FIERY CROSS (including the Lord John Grey novels which are a spin-off of the main series)
- A guide to the characters in the series
- An Essay on Sex and Violence -- this was my favorite essay of the bunch. Gabaldon really examines and puts forth her opinions responding to the criticism of her series with regards to the sexual violence depicted in them.
- An Essay on History and Historical fiction including the justification of falsity in historical fiction
- A guide to the Scottish language as used in the books including a pronunciation guide
- An essay on writing
- A section on the people who work on the Outlander television series
- Some maps and floor plans
- Recommended books
- Bibliography of the books Gabaldon uses to underpin the writing of the Outlander books
- Some photographs from the set of the television show
- Outlander family tree
- This book is for fans of the series, but also anyone who wants to know more about the process of creating these novels.
