When Gods Die: Sebastian St. Cyr, Book 2

Synopsis

The young wife of an aging marquis is found murdered in the arms of the Prince Regent. Around her neck lies a necklace said to have been worn by Druid priestesses - that is, until it was lost at sea with its last owner, Sebastian St. Cyr's mother. Now Sebastian is lured into a dangerous investigation of the marchioness's death - and his mother's uncertain fate. As he edges closer to the truth-and one murder follows another - he confronts a conspiracy that imperils those nearest him and threatens to bring down the monarchy.

Book Information

Audible Audio Edition

Listening Length: 10 hoursÂ andÂ 9 minutes

Program Type: Audiobook

Version: Unabridged

Customer Reviews

I started to sit down and write a long diatribe about all of the historical errors in this book-- errors of history, not just anachronisms. Then I decided that I would just bore anyone who read that wall of words. So this is the short version.If you don't mind the fact that the author writes a Note at the end to mention that she made up Ann of Savoy and fails to mention that she also made up a lot of other stuff including the fear of a curse against England because George III went mad, then you might be all right with this book. She does get the Jacobite heir at the time wrong-- it was Charles Emanuel, King of Sardinia (Savoy was a Duchy which became part of the Kingdom of Sardinia in the 17th century), not his brother Victor Emanuel. Charles had abdicated Sardinia but kept the personal title of King some years before the last legitimate Stuart died and the right passed to him by both descent and the will of Henry, Cardinal called Duke of York. To be fair, the PC attitudes that other people complain about are not out of period. This was a time when people where examining what

liberty and rights of man (and even women) meant. However, the idea that the hero could recognize an accent as from the south in the USA based on his father having spent time in Georgia "in his youth" is entirely too much for me to swallow. So no, this isn't a very good HISTORICAL mystery. Nor is it terribly good mystery. If the reader is interested in a contemporary mystery that also works in the death of the Duke of Cumberland's valet, I would suggest Kingdom of Lies by Lee Wood. I recommend the Audible download.
