# ZEN FLOWERS: Flower Doodle Designs (Zendoodle, Zentangle, Doodle)

## Synopsis

Read this book for FREE on Kindle Unlimited - Download Now! Zen flowers are a type of art that falls under zendoodle. Just like zendoodle, zen flowers are meant to help the maker relax and meditate. It's just that zen flowers focus on one subject -- and that is flowers, of course. This book will help you understand the purpose of zendoodle, see the beauty of zen flowers, and learn how to draw them too. It includes step-by-step pictures and instructions to draw the zen flowers and the different designs to help you through the way. There are also several patterns waiting to be discovered by you inside. If you are one of the people who are very much fascinated by flowers, this is the perfect new hobby for you. You get to enjoy all the things that you want: flowers, fun, and relaxation. Take a peek inside to learn and enjoy at the same time. Relaxation and meditation has never been this affordable and fun! ## Customer Reviews

What a lovely little book. I am new to drawing Zentangles, and this book was a happy surprise. It's a

great addition to my small Zentangle library. Although the author doesn't show how to draw each of the completed designs featured at the back of the book, she does supply good instructions on how to create the basic patterns used to fill the overall designs. Anyone who is reasonably confident in their doodling skills should be able to master the majority of these designs.

The instructions are presented as easy-to-grasp drawings like many other Zentangle books. This author also has a written explanation of each tangle she shows. I have many many Zentangle books. This one presented a challenge on every page. Her tangles are highly complex, require deep focus - making them excellent meditation tools - and combine into exquisite works of art. They aren't just complex; they are truly beautiful. This book and I will be involved for quite a while.

It is very easy to use and understand. I can't wait to start drawing. Learning about the background of Zen was interesting.

Great drawings, and nice job with pics.
