A-Z Of Smocking: A Complete Manual For The Beginner Through To The Advanced Smocker (A-Z Of Needlecraft)

Synopsis

This book features every smocking stitch, clearly explained for beginners, but also has inspiring examples and new or little-known techniques to appeal to experienced smockers. It shows how to work the stitches, read graphs, and select colours, fabric and threads. It teaches how to pleat and block a garment, gives advice on different techniques such as ribbon weaving, counterchange, template and freeform smocking and much more. It is bursting with hints, ideas and inspirational photographs. There is full advice on the fabric, needles and thread needed and a glossary of smocking terms. Interspersed throughout the book there are helpful hints for all the stitches and techniques, and beautiful photographs of smocked garments to inspire the reader to pick up a needle.

Customer Reviews

One of the best, if not the best books covering the art of smocking. If you have a question about how to do, or one of the stitches you have not done recently, this book gives beautiful detail in full color photographs with step by step written descriptions. A must for any serious smocker. This is the latest edition with a flexible cover with a great binding.

This is a beautifully illustrated book with probably all of the information one would need to do a variety of smocked pieces. I won a Pullen pleater for a nice low bid on eBay because it came with no directions. This book more than compensated for that, although the pleater is easy to use. The book supplied so much more information that the directions available on YouTube. I highly

recommend this book for a beginner as well as someone who may be more experienced.

The only book you will ever need if you want to learn smocking. Great detailed instructions and photographs. The entire A to Z series is wonderful.

One of the best guides

This is an essential book which I am learning the tricks about smocking; something I've always wanted to learn, thank you, its great!

I ordered it. It was delivered. It was in a package. The package was intact. It worked so far. What else can I say?

Good book, will aid in my use of the smocking pleater I just purchased.

exactly what I wanted--very helpful
