# A Social Security Owner's Manual, 4th Edition

## **Synopsis**

In this age of disappearing pensions and decimated retirement savings accounts, Social Security benefits are becoming more and more important all the time. As the baby boom generation reaches retirement age, we're seeing more and more folks who want learn how to maximize the Social Security benefits available to them. A Social Security Owner's Manual was created to help folks better understand all of the options available as they commence this very important benefit. You'll learn how your benefits are calculated, how to maximize not only your own benefit but the benefits available to your spouse, and methods for wringing every possible dollar from the available benefit structure. This edition is updated with all of the changes brought about by the Bipartisan Budget Act of 2015, so that you have the latest, up-to-date information on available strategies.

## **Customer Reviews**

Numerous times I've tried deciphering how the Social Security regulations apply to our family. Bewildered beyond belief, unable to sort out a viable strategy, I turned to this gem of clarity and succinctness. The Primer at the beginning of the book that lays out the basic rules is by itself worth the price of admission! Every time I have felt confused by all the bureaucratic jargon, I found myself turning to these two pages. They have prevented many a misunderstanding. Finally, our family was able to apply for and receive the benefits that we have earned over the course of a lifetime. Our hats off to Jim Blankenship and this amazing book!

Can't say even about how valuable this book is. Jim is able to write clearly about a topic that is

anything but clear. He distills down all the important information and the book is extremely readable. He has updated this edition to include the recent changes as well.

Excellent source of easy to understand essential Social Security information.

Nothing special, all info inside available on the internet.

Sometimes a bit redundant, but over all very informative!

Very informative, go book to have as a reference

Very informative, easy to read and understand.
