Customer Reviews

This book have absolutely nothing to do with the new exam 642e don't buy it. The exam 642e is about customer service and different senerio with supervisor and helping out the carriers in problems at the office and on the street.

Although this is a very hard self-help book to find, it has the exact information that my co-worker needed. However, since it was a gift I wish that I would have been able to buy it for less than what I paid for it.

If you are serious about making a change in you postal career, get this book. It's a comprehensive workbook. I searched the Internet for months before checking the site. This book is exactly what I was looking for.
