## **Customer Reviews**

Expected that there would be more poses. Lighting was a little dark in a number of shots. More diverse models would of been nice as well.

Female body is art. You can in museums see paintings and statues and for sure churches in Europe. I think America still new to idea of women beautiful body not always for be intimate. Pictures, Models Posing for Art 3, good quality on Kindle. Very nice art women models for this Kindle book.

Great pictures if you are trying to draw nude body's. I tried but was not that good at it. Thank you

Good pictures and a great ways to be able to paint or draw human forms. The book was put

together well

Lame photos, and not many of them. This book is a ripoff. You can find better photos online for free!
